

A CONFERENCE ON MEDICAL SAFEGUARDING

*Everyone has a role to play in
protecting vulnerable people in medical settings.*

.....

We invite you to join us to understand the risks that people with disabilities face when receiving medical treatment. This conference will provide a deep understanding of what people we serve require from all of us to protect their lives and to ensure their health and well being. Speakers include administrators, service providers and clinicians with decades of experience in medical safeguarding.

HOSTED BY:

The Medical Safeguards Project of Shriver
Clinical Services Corporation

The Southeast Region of the Massachusetts
Department of Developmental Services
